When she was seized at Hanna City after a furious auto fight, Norma said the bank owed her money.

The girl, who lives on a farm about three miles from here, entered the bank and ordered Isaac Steenburg, cashier, to hand over his money. The girl had a handkerchief over her face. The baby was balanced on one arm. Steenburg thought she was joking and laughed. Norma then pushed her revolver a little closer and demanded that he turn over the cash on the counter. Steenburg pushed over the money. The girl seized it and, running to the street, forced David Settles, son of the town marshal, to drive her out of town.

In the meantime Steenburg gave the alarm, and Marshal Settles, in another car, and citizens in other machines, gave chase.

Norma kept her revolver pointed at young Settles until the car reached Hanna, when she ordered him to stop. As she leaped from the car, the pursuing cars arrived, and captured the girl after a short struggle.

PROF. RENN, A MEMBER OF NORMAL FACULTY, PASSES

Professor Chester B. Renn, aged 50 years, a member of the faculty of the California Normal school, and one of the most beloved and honored members of that school of learning, died in the West Penn hospital, Pittsburgh, yesterday afternoon. Professor Renn, who for the past four years, has been a teacher of English in the college, was removed to the Pittsburgh hospital, May 2, suffering from gall stones. For this ailment, he underwent an operation and was improving until his passing. The body was taken to his home in California where funeral services were held this afternoon at 3 o'clock in the Normal library in charge of Rev. Pender, pastor of the Methodist church of California, and Professor John Entz, principal of the Normal school, Newton Kerstetter, and Mrs. Susan Godfrey, members of the faculty.

Tomorrow morning the remains will be taken to Professor Renn's old home in Williamsport, where interment will take place in the Williamsport cemetery.

He was a devoted member of the Methodist church and enjoyed a large friendship among the student body of the school, who, together with the members of the faculty and the people of California, were greatly shocked to hear of his death. He was a member of the Masonic order at Williamsport and Pittsburgh.

He is survived by his widow and four children, Chester, Margaret, Donald and James, all at home.

William Hinton, the colored man of Monessen, accused of the slaying of his wife, was acquitted yesterday at Greensburg, after the jury in the case had been out 150 hours—a record in the annals of Westmoreland County Court history.

The alleged crime was committed in the month of January, it is claimed.

CASHIER THINKS GIRL IS JOKING; SHE IS CAUGHT

Farmington, Ill., May 28. — Norma Anderson, 18, cuddled her two-years-old baby in her arms in the Louistown jail today and refused to tell police why she held up the Charleroi bank of Farmington late yesterday at the point of a gun, with her baby in her arms and fled with \$1,500.

When she was seized at Hanna City after a furious auto fight, Norma said the bank owed her money.

The girl, who lives on a farm about three miles from here, entered the bank and ordered Isaac Steenburg, cashier, to hand over his money. The girl had a handkerchief over her face. The baby was balanced on one arm. Steenburg thought she was joking and laughed. Norma then pushed her revolver a little closer and demanded that he turn over the cash on the counter. Steenburg pushed over the money. The girl seized it and, running to the street, forced David Settles, son of the town marshal, to drive her out of town.

In the meantime Steenburg gave the alarm, and Marshal Settles, in another car, and citizens in other machines, gave chase.

Norma kept her revolver pointed at young Settles until the car reached Hanna, when she ordered him to stop. As she leaped from the car, the pursuing cars arrived, and captured the girl after a short struggle.

Coroner's Jury Finds Crew Not Responsible For Child's Death

In the first of three requests held in Monongahela yesterday afternoon by Coroner William Greenlee it was found that the crew of the street car which killed Theodosia Chester, aged 9 years, at the corner of Main and Tenth street, Monongahela, May 21, was not responsible for the child's death. Evidence showed that the car was applied to the brakes on nearing the corner as is the custom and that the Chester child darted from behind a parked auto and was hit before the motorcar could possibly have come to a full stop. The Chester child died in the Memorial hospital, May 22.

It was found by the coroner's jury that the death of Anna Starinsky, wife of Milo Starinsky of Charleroi, who fell from the back seat of a touring car as it was passing another auto on the Taylor Run road, May 4, was accidental. No blame was placed on her son who was driving the car.

Hazen Neill was not held criminally responsible for the death of William Meier, aged seven years, whom he ran into on Main street, Monongahela, May 22, but he was reprimanded for not blowing his horn as he approached the boy. The Meier boy died in the Memorial hospital May 23.

A MINER IS FINED \$150

In the county courts Louis Barbus, a miner of the Monongahela section, on his plea of guilty Monday, to the charge of the unlawful manufacture of liquor, was fined \$150 and costs. No jail sentence was imposed, there being some extenuating circumstances. It appears that there was no sale of liquor and that the defendant was simply manufacturing a little for his own use.

The defendant was injured in the mines a number of months ago, having his hand caught in a cutting machine and badly mangled. He has been in the hospital and has to return again for an operation on his injured hand, which is now practically useless. The defendant has a wife and several children.

Hazen Bhznik, of Chartiers township, admitted he was guilty of a violation of the liquor laws, and was fined \$100 and costs and sent to jail for 30 days. If the fine and costs are paid to 20 days.

In the suit of James M. Purcell of Charleroi, against W. H. Beck of Elizabeth, the defendant has filed a motion for a new trial. It was a claim for damages growing out of an auto collision. The jury found in favor of Mr. Purcell for \$1,800.

YOUNG MAN DIES OF HIS INJURIES

Edwin Provins, aged 23, son of Mr. and Mrs. Frank Provins of 308 Jones street Belle Vernon, died yesterday morning at 7 o'clock in the Memorial hospital, Monongahela, as a result of injuries received Saturday, May 10 while working in the Pittsburgh Steel Company, Monessen, where he was employed as a mechanic. At the time of the accident the young man was driving rivets and while using the automatic air hammer the mechanism went awry and the snap of the hammer struck Provins between the eyes. PIRATES WIN AN EXTRA INNING GAME IN THE WINDY CITY

With pop bottles whistling about the 7,000 baseball fans in a riotous crowd, the first game of the Pirates at Chicago ended today with a 5-4 victory, the Pirates having won the tenth inning.

Grover Cleveland Alexander was sent to the firing line to knock the Buccaneers out of Chicago's path to first place, and also to hang up his ninth straight triumph, but in both these ambitions the celebrated star pitcher was disappointed.

Alexander, however, did not lose, as he was removed from the mound to make way for a pinch hitter, and one of his successors had to bear the brunt of the defeat.

"Rip" Wheeler followed Alexander and worked two frames, the combat being knotted while he was on duty. In emergency swatter took him out of the fray and it remained for Tony Kaufmann to be charged with the upset as he pitched the one extra period.

COUNTRY CLUB TO HAVE TOURNEY ON HOLIDAY

Friday, May 30, will be a day of activity with the golfers at the Monongahela Valley Country Club. The golf entertainment committee has arranged for an 18-hole contest, medal play, without handicaps, and has provided thirteen prizes, which will be distributed among the various successful players.

Prizes will be provided by the committee for the three players having the lowest scores, three prizes for those players having the highest scores, and in addition seven additional prizes which will be awarded to players having certain scores as outlined by the committee. This plan is expected to make the contest all the more interesting, and it is expected will insure a large entry list for the day. The match will be played in the afternoon.

It is expected that many of the new greens will be opened for the first time on that date, this promise being based on the character of the weather. The course is in fine shape, and some excellent scores are expected but this fact need not keep even the ordinary players off the links, as the prizes will be distributed in such a way that all will have a chance to be a winner.

CHARLEROI TEAM

WILL PRY OFF LID

ON HOME GROUNDS

Today's ball game was called off at 12:30 on account of rain.

Setting the time originally, a month ago, the Charleroi Independents will again attempt to pry off the baseball lid on the home grounds this afternoon at 5:30 o'clock, when they will have as their opponents the crack Richard Kelly club of Pittsburgh, an aggregation which, it is said, has already beaten Jeannette and other good teams this year.

It is all up to Jupiter Pluvius. The grounds are in fairly good shape despite the rain of yesterday and the sprinkling of last night and the fans await the contest with avidity.

For home club Beauty or Laurian will pitch, with Gannon on the receiving end; "Bill" Phillips will be stationed at first base; Smith, third; Waite, shortstop; Stephanian, second base; Davis, right field; Lew Phillips, middle; and Consonery left field.

AN ATTEMPT TO ESTABLISH MOTIVE FOR A MURDER

Ellsworth, Maine, May 28.—Authorities continued their investigations into the murder of Miss Louise B. Goss, pretty, slender school teacher, today, in an effort to determine the real motive for the crime.

Roland McDonald, 15-year-old student of the girl, who admitted shooting her with his father's shotgun, pleaded not guilty and was held without bail for the October grand jury. His confession did not enter into his arraignment. The boy's 13-year-old brother also was ordered held in jail as a material witness.

Sheriff Westcott is holding the purported signed confession by the lad, in which McDonald admitted shooting the teacher from ambush, low grave, where it was found later stripping the body of valuables and by searchers.

RATE INCREASE

SORT OF FINE FOR CUSSING

A doctor of Charlevoi thus soliloquizes:

Our telephone company has raised its rates. The service is so punk we have kept the recording angel working overtime. We suppose the increase is a sort of fine for our cussing.

An Irishman coming out of ether in the ward after an operation exclaimed audibly:

"Thank goodness! That is over."

"Don't be too sure," said the man in the next bed, "they left a sponge in me and I had to be cut open again."

And the patient on the other side said:

"Why, they had to open me, too, to find one of their instruments."

Just then the surgeon who had operated on the Irishman stuck his head in the door and yelled:

"Has anybody seen my hat?"

Pat fainted.

When we've junked all the junkers and when the dear little telephone girl goes saying "time's busy," when she's busy lyin'—then we are going to get more joy out of life.

TAX DELINQUENTS.

CharleROI Board of Education Monday night proposed by drastic action to collect the delinquent school taxes of the district. The body follows in line with the CharleROI Borough council in instructing the tax collector to hew to the line of duty in collecting these taxes, "let the chips fall where they may."

In the news columns of the Mail of yesterday will be seen that there are "2,000 men and women of the borough who have not paid their 1923 school taxes." Of this number the surprising feature is that 1,700 of them are women. Evidently a mistaken idea prevails among them that they "don't have to pay taxes;" particularly non-property holders. This kind of talk has been in circulation for some time and efforts to convince the women of their error in this regard have been fruitless. The opinion is held by not only the poor women, but in cases, by women who are abundantly able to pay.

An idiosyncrasy of women, not all of them, is that because they are women, the tentacles of the law is not liable to encircle them in the matter of tax. This is true, in particular, of those not property holders. They think that "Dad" pays sufficient and more taxes than he should. Right here comes in the proposition of unequal tax division, and with some justice. But the matter of the payment of taxes is just as much a duty of loyalty to the borough and country as being true to the stars and stripes, and other patriotic impulse. The fact that the ladies were not satisfied until they were granted the rights of franchise augurs now that they have it they should not swerve or deviate from the path of duty in tax paying. This would only be in the line of consistency.

Another thing: Men and women of

the borough who have not paid their taxes—either borough or school—have been notified time and again, and they have no reasonable excuse to offer—that is, the majority of them. The amounts are generally small; last year was a prosperous year, and in the majority of cases we believe that the various amounts could be paid. Now, that they are to be faced by a constable with additional costs added, is their fault, and they, for the most part, have no reason to be "mad at the borough council, the school board, or the officers, in enforcing collection." as they are but following in the path of their sworn duty.

The most important feature is that unless the taxpayers pay their taxes the schools cannot function; neither can the borough or school board meet their budgets. In the cases of the schools the state appropriation, while being of assistance, does not yield sufficiently to make good the delinquents.

THE OFFICE CAT

Fisherman found \$10,000 on the banks of the Potomac. Maybe that's the dollar George threw across with interest.

A bill has been introduced in congress to require the House of Representatives to sing "The Star Spangled Banner" every morning. It's good as far as it goes. But why not require them to spend the entire morning in singing? It would save us a lot of money.

Life is just looking well, feeling well and acting well.

And there's the small boy who hopes that before it all ends something will be done about castor oil.

Talk about progress in jazz music. First we had "Stumbling" followed by "Falling" and now we have "Rolling Down the Stairs."

We still maintain that the two main points about fencing are the ends of the swords.

Speaking of adaptation, how about singing "When the Leaves Come Tumbling Down" in the Garden of Eden?

Health Talk No. 9---WHY ADJUST?

It is difficult for those who do not understand the basic principle underlying Chiropractic to comprehend why the spine should be adjusted for disorders whose symptoms appear in remote parts, such as the foot, leg, arm or shoulder. This is readily understood when it is remembered that the nerves innervating all organs and tissues of the body are branches from the spinal cord. They are all subject to nerve compression, due to subluxation of the vertebrae.

This is made clear by the accompanying illustration, which shows how the nerves, in pairs, pass through the spinal openings, thence to all parts of the body.

Impingement of any nerve by the partial closing of these spinal openings, gives rise to ailments in the parts to which the nerves lead, no matter in what region of the body the nerves terminate.

Chiropractic is in perfect harmony with the inherent forces and natural laws of the body. No other health system is so specific.

WHY BE SICK? CONSULTATION FREE.

Where Day-In and Day-Out Service Counts ~ ~

Driving a car or truck twenty-four hours a day, day-in and day-out, is when the real service-giving value of a motor fuel is given the acid test.

In the various towns where we operate, the large taxicab companies use AMOCO-GAS exclusively.

AMOCO-GAS, the Original Special Motor Fuel, was chosen as the best and most economical in competition with other motor fuels.

The owners of large truck fleets invariably use AMOCO-GAS. When cents and dollars are figured closely in truck operating costs, AMOCO-GAS is the unanimous choice in motor fuels.

In Society's Realm

On account of inclement weather the dance scheduled for Friday, May 29, has been changed to be held at the Armory, Monongahela, Thursday, May 29. Dave Harmon's band will furnish the music and there will be dancing from 9 to 1 o'clock.

The members of the C. O. M. club entertained the teachers of the Fifth street school building yesterday afternoon with a novelty dance. The affair was held in the hall of the Fifth street building and an enjoyable time was spent. Music was furnished by Miss Irene Jones at the piano and also by the Victrola.

A delightful meeting of the C. D. of A. was held last evening in the Lyceum of St. Jerome's church, when 30 members gathered to enjoy their regular social meeting. Following a short business session, a varied program of games, in charge of Mrs. Harriet Wagner, was the main diversion and afforded much amusement. The members had as their guest, Rev. Father James McKeever, the new assistant pastor. The luncheon was served by the committee, Mrs. Alfred Murray, Chairlady, on two prettily decorated tables. Purple and gold, the organization's colors, were the prevailing decoration. A pretty May Pole dance was the closing feature of the evening.

The members of the Gothic Literary club held their last meeting of the year at the Elks club last evening with a good attendance. Election of officers was one of the main features and those honored were as follows: President, Miss Muriel Scott; vice president, Miss Esther Berryman; secretary, Miss Edna Welch; corresponding secretary, Mrs. Valera Jones; Miss Frances Tombaugh, treasurer. Mrs. Becky Berryman gave a detailed review of the year's work, which was highly interesting and six new members were enrolled in the organization. Misses Mary Allison and Irene Jones were the hostesses and the luncheon was served in Wagner's Tea room. The next meeting will be held the first Tuesday in October.

MELLON TAX PLANK IN G. O. P. PLATFORM

Washington, May 28.—A Mellon tax plank will be written into the Republican platform at Cleveland and President Coolidge will go to the country on it, regardless of his action on the Democratic tax measure now before it, it was indicated authoritatively here today.

Little doubt exists but that the president will sign the present bill because it is the best compromise obtainable and business is clamoring for relief from the uncertainty over tax legislation. However, Mr. Coolidge clings to his belief that the Mellon plan is far superior and that the country would prefer it.

To vindicate the president and to permit the elector to choose representatives who will vote for the Mellon plan in the next congress, captains of the Coolidge forces will see that a plank endorsing it is written into the platform.

QUESTION OF THE TRIBUNAL'S POWERS

Cleveland, Ohio, May 28.—Whether the tribunal of nine bishops of the Protestant Episcopal church trying Bishop William Montgomery Brown, for heresy here, has jurisdiction in the case will be ruled upon today by Presiding Bishop John Murray, of Baltimore, Md.

The question was raised by Brown's counsel when the trial opened in Trinity Cathedral yesterday afternoon.

Joseph W. Sharts, Dayton, Ohio, socialist candidate for Governor of Ohio, and Edward Bushnell, attorneys for Brown, today indicated they would continue to fight hard to have the charges against the retired bishop of Arkansas dismissed.

As a result preliminary battles may delay actual taking of evidence several days.

Brown's counsel indicated they would question the impartiality of the tribunal and would file two new motions to have the case dismissed.

Charles Ubbie, Kalamazoo, Mich., church advocate and "prosecutor," said today "the defendant's whole argument is a tissue of contradictions and unrealities."

that his trial is improper would result in making the bishop an absolute monarch in his own domain," he said.

HARRY HOFFMAN ON WITNESS STAND IN OWN DEFENSE

St. George, Staten Island, May 28.—Harry Hoffman resumes the witness stand today to beat down circumstantial evidence pointing to him as the murderer of Mrs. Maud Bauer. The witness faces severe cross-examination by District Attorney Fuchs.

For two and one-half hours yesterday Hoffman testified as the principal witness for defense. Cross examination had just started when the court was adjourned.

Hoffman denied the murder and denied even knowing Mrs. Bauer. In detail he told of his movements on March 25 the day Mrs. Bauer was attacked, killed, and her body thrown to the side of a lonely Staten Island road.

Hoffman said he was in New York, ate luncheon at a Chinese restaurant, and then returned to his home at Fort Richmond and remained there until 7 p. m. He said he saw no one he knew during the day.

Then the witness told of his fears, owing to his description fitting that of the murderer. So he planned with Raycey Parker, a fellow motion picture actor, to flee the country.
